# Shayla Boo and You: The Marvelous ABCs of Hearing

Title: Draw Yourself with a Hearing Device

## Learning Goal:

Children will reflect on how they hear the world – whether with their ears, hearing devices, sign language, or imagination – and build self-awareness and pride in how they experience sound and communication.

## Directions:

“What do your hearing aids look like?”

-optional

If you could draw a super hearing aid, what else could it do? Draw yourself with the most powerful hearing aids you can imagine!
